

# Environmental and Sustainability Policy

## Cambridge Deliveries Limited

### ENVIRONMENTAL STATEMENT

Cambridge Deliveries Limited will ensure so far as it is reasonably practicable that its operations are carried out with a commitment to protecting and enhancing the environment.

As a business that creates waste in the form of packaging, we recognise that we have a responsibility to the environment beyond legal and regulatory requirements, and as such we are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers and other stakeholders to do the same.

### ENVIRONMENTAL POLICY

Cambridge Deliveries Limited is responsible for ensuring that the Company's Environmental Policy is implemented and is disseminated to all interested parties. All Company employees must adhere to the aims and objectives of the Policy.

1. Our stated aims are to:
  - 1.1 Comply with and where possible, exceed all regulatory requirements.
  - 1.2 Continually monitor and work to improve our environmental performance.
  - 1.3 Continually monitor and work to improve and thereby reduce our environmental impacts.
  - 1.4 Where possible, incorporate environmental factors into business decisions.
  - 1.5 Ensure that where relevant, all employees are trained to have awareness of environmental issues that relate to the Company.
2. **Paper**
  - 2.1 We will seek to minimise the use of paper in our office, using digital means where possible.
  - 2.2 We will recycle paper where possible.
  - 2.3 We will seek to buy recycled and recyclable paper products.
3. **Business Consumables**

Waste products are a necessary by-product of our industry. Waste produced in our

business includes shrink-wrapping and other packaging used to secure the goods we transport. We will continuously seek to improve our environmental performance, particularly with regards to our choice of the products we use, ensuring wherever possible that their use will not cause harm to the environment.

3.1. We will manage waste generated from the business operations according to the principles of reduction and recycling.

#### **4. Energy and Water**

4.1. We will seek to reduce the amount of energy used in our office.

4.2. Lights and electrical equipment will be switched off when not in use.

4.3. Where possible, heating levels will be adjusted downwards with energy consumption in mind.

4.4. The energy consumption and efficiency of new products will be considered when purchasing.

#### **5. Transport**

5.1. Driving is a necessary part of our work. Wherever possible we will drive the most fuel-efficient and low carbon emission vehicles between jobs.

5.2. Through employee training on efficient driving, we will seek to reduce our fuel consumption.

5.3. We will ensure that our vehicles are regularly serviced to maintain their optimum efficiency.

#### **6. Green Culture**

6.1. We will involve our staff in the implementation of this Policy in order to achieve greater commitment and improved performance.

6.2. We will work with our suppliers, contractors or sub-contractors to encourage them to improve their environmental performance.

6.3. Where possible, we will use local labour and material suppliers to reduce our CO2 footprint.

As we strive for excellence in every aspect of our business, we are totally committed to minimising the environmental impacts of our business operation.

As part of this commitment, we will ensure this Policy is reviewed and updated as necessary.

The management team endorses these policy statements and is fully committed to their implementation.
